

## Website Name:

Demetrius Mack's Playlist

## Description

This website details my favorite musicians and genres. I grew up listening to hip-hop and rhythm and blues. However, my musical taste is broad, and I enjoy various genres. I also listen to alternative, house, and Latin music.

My favorite album is "RENAISSANCE" by Beyonce. Favorite song is "Sweetest Taboo" by Sade because it's my mother's favorite band and reminds me of my childhood. I also going to briefly to give some history of the genres. This will help you understand why I love these specific genres. This website also contains external links to songs I listen to regularly.

## Page Names

- Description of Music Taste
- History of African American Music
- Request Customized Playlist

The rest is going to be short biography of my favorite artists, their primary genre and achievements.

## Storing Data

The website is going to store different photos of the artists, short audio files of their music, and videos. Possible custom playlist requested from the user. Tools might be using Spotify, Apple Music, or YouTube. Might charge from \$20 to \$60 depending on the extension of the user.
